

Paradise Revisited

Our Nursery @ Hopu Hopu

High Vantage Point

Garden of Hope, Garden of Strength,
Garden of Life

Creation of a 'memorial garden'

The Nursery Garden...

It is shaped like a koru and its purpose is for remembering those past and present.

Everyone had a chance to plant a harakeke, cabbage trees or other natives.

In its native fauna, it is indeed a haven of solitude and reflection.

All those who worked on creating this garden also enjoyed playing their part.
